Medical from UHC myuhc.com or call 1-844-587-8503

Ben E. Keith provides two types of medical plans:

PPO – you'll pay a copay when you see a provider or fill a prescription.

HSA – this high-deductible health plan comes with up to a \$1,000 tax-free Company contribution into a Health Savings Account (HSA) when you enroll in employee only coverage. If you cover your family, you'll receive up to a \$2,000 Company contribution. The amount you receive will be prorated based on the number of months you are enrolled in the HSA. You can also contribute your own tax-free money into your HSA, up to the 2024 IRS limits, to pay for eligible expenses like deductibles, dental or vision care. Use HSA dollars to pay for eligible medical expenses.

A comparison of the medical plans. FYI, you'll pay more for non-network care.

This summary provides only a brief overview of the benefits provided to employees and does not include all provisions and limitations. The full provisions of the benefits plans and programs are described in the plan documents and contracts. If there are any discrepancies between the official plan documents and the contents of this summary, the plan documents and contracts will govern. Ben E. Keith reserves the right to amend, modify, suspend or terminate the plans (or any part of the plans), or to provide different cost sharing between the Company and participants, at any time and for any reason.

The amount you pay for medical, dental, vision and life/AD&D coverage is based on the options you choose, the family members you cover and if you choose medical coverage, whether or not you use tobacco products or have a working spouse. Your coverage costs for medical, dental and vision coverage will be deducted from your pay on a pre-tax basis. That means your costs are taken each pay period before federal or state income taxes, local income (in most localities), Social Security and Medicare taxes are calculated. As a result, the amount of money you take home is increased because you lower your taxable rate. If you choose supplemental employee, spouse and/or child life/AD&D insurance, it will be deducted from you pay on an after-tax basis.
